Good information, anyone interested in the interaction between stage hypnosis and therapy hypnosis should get this. But try, as he does, Royal's specializes on the stage aspect not the balance between the two. Another book would be better for that.

Very informative book. Not my introduction to hypnosis, but it was my introduction to stage

hypnosis, which is a skill all hypnotists/hypnotherapists can benefit from knowing.

A must reading for all those interested in the art of Hypnosis. Should have included self hypnosis and elaborate a bit more to allow people to heal.

If you want to get into the hypnosis business whether as a stage hypnotist or a hypnotherapist then this is the course for you. Not only will you learn a lot of the techniques you will also learn a great deal about marketing yourself
