# Dude Ranches Of The American West

## Synopsis

David Stoecklein's latest book showcases more than 25 dude ranches across the American West. Each ranch has a rich history and a family heritage that goes back many years. The photographer captures the spirit of each one. Dude ranching is a unique western experience. All of the ranches are in amazing settings and most are quite remote. The genuine, personal western hospitality that has helped ranch guests feel a part of the ranch family since the late 1880s shines through in these pages.

## Customer Reviews

Dude Ranches of the American West is a panoramic, full-color photography exhibit of more than 25 dude ranches across the American West. Each ranch has its own history; most are fairly remote. Photographs capture sweeping natural expanses, wildlife, the tools of the dude ranch trade, the men and women who work hard looking after livestock, and much more. Though a brief amount of text introduces the reader to each ranch and its impressive history, Dude Ranches of the American West is primarily a photographic extravaganza. A coffee-table book sure to please aficionados of the American West, brimming cover to cover with vibrant energy and respect for the land.
