Drug Information Handbook For Dentistry

Synopsis

The Lexicomp Drug Information Handbook for Dentistry has been helping dental professionals enhance patient care for over 20 years. Information is presented in an easy-to-use, two-column format, with medications alphabetically indexed by brand and generic names, as well as by index terms. Within individual drug monographs, dental-specific fields are highlighted in red, a timesaving feature within an information-rich resource. Drug content is complemented by special sections dedicated to medically compromised patients, specific oral conditions, and sample prescriptions.

Customer Reviews

I needed the new drug information handbook for dentistry and this is the correct book. It does take a while to arrive even with expedient shipping.
