Advanced Reconstruction Foot & Ankle (American Academy Of Orthopaedic Surgeons (AAOS))

Synopsis

Advanced Reconstruction Foot and Ankle provides step-by-step surgical advice from the world's leading orthopaedic foot and ankle surgeons in a concise, problem/solution format that you can quickly absorb and apply in your daily clinical practice! Developed in collaboration with the American Orthopaedic Foot and Ankle society, this advanced surgical decision-making guide gives you insights to deal with 76 of the most challenging foot and ankle conditions - including failed surgeries, complex problems, and neurologic complications. Written entirely by leading surgeons, each chapter presents the most effective approaches to solve a specific complex surgical problem, and avoid potential pitfalls in a few short pages. Each author illustrates a preferred surgical solution and explains why it works best. Expected outcomes and coding guidelines are included for each condition.
