Comprehensive Occlusal Concepts In Clinical Practice

Synopsis

Comprehensive Occlusal Concepts in Clinical Practice aims to provide a clear and thorough guide to the understanding and application of occlusal concepts in the dental practice, enabling dentists to gain a straightforward understanding of widely recognized occlusal principles and practices to engender longevity, predictability, and professional confidence in everyday dental procedures. Comprehensive Occlusal Concepts in Clinical Practice also features a comprehensive review of occlusal and periodontal literature, establishes occlusal principles and practice protocols as routine, and aids in developing the reader's critical ability to know when and when not to perform occlusal therapy. This is a unique book in its scope, thoroughness, and practicality, making occlusal concepts easily understood, yet also demonstrating the specific skills needed to perform the details of a physiologic occlusal scheme.

Book Information

Paperback: 316 pages

Publisher: Wiley-Blackwell; 1 edition (December 20, 2010)

Language: English

General

Customer Reviews

One of the best I've ever read in this subject. Well organized and well presented. I would highly recommend this book to those wanted to explore the role of occlusion in dentistry.
