The Big Grayscale Colouring Book: Mallorca: Colouring Book For Adults Featuring Greyscale Photos.

Synopsis

The Big Grayscale Colouring Book: Mallorca Colouring book for adults featuring greyscale photos. Colour, relax and dream of holidays in the sun! This unique colouring book contains over 45 atmospheric motifs of Mallorca, the beautiful Balearic Island in the Mediterranean Sea, just waiting to be brought to life with colour. Each black-and-white photo is child's play to colour thanks to the many shades of grey. Whether you're a beginner or advanced, you'll be able to turn any image into a small work of art. You'll be thrilled! Soft pencils are best for colouring. The dark grey areas should be shaded using dark colours, and light grey areas with light colours. Subtle transitions from light to dark are achieved by using medium hues. Areas already coloured using dark shades can be retouched and brightened with light colours. The back of each full-page photograph has been kept free, so you can cut out, frame and hang each of your creations. So far the following colouring books have been published by Alexandra Dannemann: "The Secret of the Forest", ISBN: 978-1518833953 "The Secret of the Sea", ISBN: 978-1530906734 "The Big Grayscale Colouring Book: Mallorca", ISBN: 978-1535079457 and "The Magic of Flowers", ISBN: 978-1535079631.
