Customer Reviews

I visited Paris several times myself and have a lot of pictures and many Paris travel guides, but this is the first time I bought a picture book about Paris alone. This is a small book, but I loved the pictures inside. The only thing I didn't like was the black background used on every page. I think that using a lighter background (or no background at all) would have made the pictures look even better.

I visited Paris 4 times and have myself took a lot of pictures but they are not so great as the ones on this book. The only complaint is the book is not available in larger format but then I think it will be more expensive too...

I bought this book for my niece who loves all things Paris. It has all the essential Paris photos. Absolutely perfect.

The book is not big but the pictures are wonderful. I enjoyed this book a lot. Don't let the small size put you off, the pictures are great.

It was exactly as advertised, pictures of Paris. We had just gotten back from Paris. I think some of my photos were as good.
