Struggle For Democracy, 2012 Election Edition, Plus NEW MyPoliSciLab With Pearson EText -- Access Card Package (11th Edition)

Synopsis

ALERT:Â Before you purchase, check with your instructor or review your course syllabus to ensure that youÂ select the correct ISBN. Several versions of Pearson's MyLab & Mastering products exist for each title, including customized versions for individual schools, and registrations are not transferable. In addition,Â you may need a CourseID, provided by your instructor, to register for and use Pearson's MyLab & Mastering products. Â Packages Access codes for Pearson's MyLab & Mastering products may not be included when purchasing or renting from companies other than Pearson; check with the seller before completing your purchase. Â Used or rental books If you rent or purchase a used book with an access code, the access code may have been redeemed previously and you may have to purchase a new access code. Â Access codes Access codes that are purchased from sellers other than Pearson carry a higher risk of being either the wrong ISBN or a previously redeemed code. Check with the seller prior to purchase. Â -- Question how American democracy is developing Â The Struggle for Democracy provides students with an understanding of the American political process and with the tools to critically evaluate that process. This text focuses on the role that democracy has played in the American story and asks students how democracy isâ “or isnâ ™tâ “revealed in our politics and government. It encourages students to examine how deeply connected politics and government are with historical, economic, and social influences. The Struggle for Democracy both strengthens a fundamental aspect of critical thinking and tells a unique story of our countryâ ™s political development. Â This text features full integration with the New MyPoliSciLab.Â MyPoliSciLab includes a wide array of resources to encourage students to look at American politics like a political scientist and analyze current political issues.Â Political Explorer lets students play the role of a political scientist by investigating issues through interactive data.Â Core Concept videos discuss the big ideas in each chapter and apply them to key political issues. Simulations allow students to experience how politicalÂ leaders make decisions. Â A better teaching and learning experience This program provides a better teaching and learning experienceâ “for you and your students. Hereâ ™s how: Personalize Learningâ “The New MyPoliSciLab delivers proven results in helping students succeed, provides engaging experiences that personalize learning, and comes from a trusted partner with educational expertise and a deep commitment to helping students and instructors achieve their goals. MyPoliSciLab is now compatible with BlackBoard! Engage Studentsâ “The stunning visual design engages students in the text.Â Â Improve Critical Thinkingâ “ Learning objectives in every chapter help students focus on important topics. Analyze Current Eventsâ “Coverage of the 2012 elections keeps the study of politics relevant and shows how political scientists look at the development of the

American political system. Support Instructors "A full supplements package including the Class Preparation Tool in the New MyPoliSciLab is available. 0205950094 / 9780205950096 Struggle for Democracy Plus 2012 Election Edition, NEW MyPoliSciLab with Pearson eText -- Access Card Package Package consists of: 0205909043 / 9780205909049 Struggle for Democracy, 2012 Election Edition 0205949975 / 9780205949977 NEW MyPoliSciLab with Pearson eText -- Valuepack Access Card

Customer Reviews

.. Now more than ever before in history Americans do not trust their Government. Yet, most people don't even know how the government operates or significant dates in American History. This textbook provides usable tools for critically analyzing our political system and making judgments for how well our government works. The text is comprehensible, lays a good foundation for understanding government and politics, and provides food for thought.

Well, this was requested by the professor, so I bought it. Would I use any other products besides Pearson if there were more available, and better, yes. I do not really think the book is exceptional, neither is the online practice. Lots of little errors and somethings are not very clear. Questions of quizzes are not well formulated either. I think college professors end up choosing Pearson products because there are not many other options that meet price (reasonable enough for undergrads) and content. So, it is just okay.

I enjoyed this textbook. It didn't feel overly dense and unapproachable the way some textbooks do. But it also didn't feel overly light and fluffy like some, if that makes sense. It struck a decent balance.

I really like this book and the text it has. The vocabulary and the terms are up to date with modern times. This edition is just the one I needed as I go to LACC and is exactly what my Political Science teacher asked for. Book is big but has pictures and diagrams, overall it is easy to read.

I was close to purchasing this exact book off this website, because my professor requested this exact book. I'm glad I didn't because I went to my local school book store and purchased it new with the CD included for only 105.00+tax. BAM!

Comprehensive and interesting presentation of U.S. government, history, and politics ranging from the Revolutionary War period to present day administration. Engaging text with numerous graphics and photos. The companion website contains a variety of self tests for each chapter which greatly enhance the learning process.

This book is poorly written and the author paints material (particularly the graphs) in a way that makes me suspicious that he is not being completely honest. His political bias (democrat) is readily apparent, and he seems not to care very much for the Founding Fathers' ideas concerning government (namely, separation of powers and the idea that the people should not control the government to directly).

Very well put book and provides a breakdown for any one to understand.... I have the book and am selling email me @ joshualross@bethelks.edu 9 bucks plus shipping.let me know first come first serve.
