Under And Alone: The True Story Of The Undercover Agent Who Infiltrated America's Most Violent Outlaw Motorcycle Gang

Synopsis

In 1998, William Queen was a veteran law enforcement agent with a lifelong love of motorcycles and a lack of patience with paperwork. When a confidential informant made contact with his boss at the Bureau of Alcohol, Tobacco and Firearms, offering to take an agent inside the San Fernando chapter of the Mongols (the scourge of Southern California, and one of the most dangerous gangs in America), Queen jumped at the chance, not realizing that he was kicking-starting the most extensive undercover operation inside an outlaw motorcycle gang in the history of American law enforcement. Nor did Queen suspect that he would penetrate the gang so successfully that he would become a fully patched-in member, eventually rising through their ranks to the office of treasurer, where he had unprecedented access to evidence of their criminal activity. After Queen spent twenty-eight months as Billy St. John, the bearded, beer-swilling, Harley-riding gang-banger, the truth of his identity became blurry, even to himself. During his initial prospecting phase, Queen was at the mercy of crank-fueled criminal psychopaths who sought to have him test his mettle and prove his fealty by any means necessary, from selling (and doing) drugs, to arms trafficking, stealing motorcycles, driving getaway cars, and, in one shocking instance, stitching up the face of a Mongol lady after a particularly brutal beating at the hands of her boyfriend. Yet despite the constant criminality of the gang, for whom planning cop killings and gang rapes were business as usual, Queen also came to see the genuine camaraderie they shared. When his lengthy undercover work totally isolated Queen from family, his friends, and ATF colleagues, the Mongols felt like the only family he had left. He had no doubt these guys genuinely loved Billy St. John and would have laid down their lives for him. But they wouldn't hesitate to murder Billy Queen. From Queen's first sleight of hand with a line of methamphetamine in front of him and a knife at his throat, to the fearsome face-off with their decades-old enemy, the Hell's Angels (a brawl that left three bikers dead), to the heartbreaking scene of a father ostracized at Parents' Night because his deranged-outlaw appearance precluded any interaction with regular citizens, *Under and Alone* is a breathless, adrenaline-charged read that puts you on the street with some of the most dangerous men in America and with the law enforcement agents who risk everything to bring them in. From the Hardcover edition.

Book Information

Mass Market Paperback: 260 pages

Publisher: Fawcett Books; Reprint edition (March 28, 2006)

Language: English

Customer Reviews

If there's a lesson that can be drawn from Queen's lengthy travels through the rough part of town, it's that life as a Federal Agent isn't what it's cracked up to be. As a people, we're bred on a steady diet of flashy police dramas (CSI, NYPD Blue, Law and Order, etc.). They do little to prepare the average cadet for what they're going to confront in the criminal tar pit that Billy Queen wades into. Undercover work, in general, is a fine way to ruin your marriage, wreck your nerves, and lose your sense of identity. Be prepared to sacrifice the life that you once had, and sadly witness the fallout that results. It's almost as if Queen suffers more than the people that he help put away. This is the fine print that the recruiters don't want you to read. Speaking from direct experience, undercover work is essentially an act of betrayal. You live with these people, eat with them, party with them, and then testify against them in court. An agent might take years to be accepted into the fold, and then have to dump it all over the side of the ship in the blink of an eye. It's bad enough that you lose contact with your old friends, now you've got to give up all of your new ones. Guess what? Now you don't have any friends. As Queen observes, it wasn't easy. There were actually times when he considered giving up his role as an ATF agent and crossing the line to the other side. I can't say that I blame him. His Mongol brethren often treated him with more respect, and genuine love, than his ATF handlers (who, more likely than not, saw Billy as an expendable "resource"). You're on your own, surrounded by a group of individuals who, by the standards of modern society, aren't much more than animals.
